

Women's Defense League of NH™

Who We Are

We were founded by a group of women in New Hampshire who wanted to focus on training and educating women in the state as well as stand on the forefront of 2nd Amendment legislative issues at the State House.

What We Do

♦ Education

One of our primary missions is educating women in the safe handling of firearms so they may learn to defend themselves and their families.

All of our on-site trainers are NRA-certified instructors or Range Safety Officers. No other organization in the state provides this on-going commitment.

We are there to support women in the development of their firearms skills and confidence.

We also bring a woman's perspective to shooting including shooting stance and grip, selection of firearms, concealed carry options, and self-defense concerns.

What We Do

♦ Advocacy

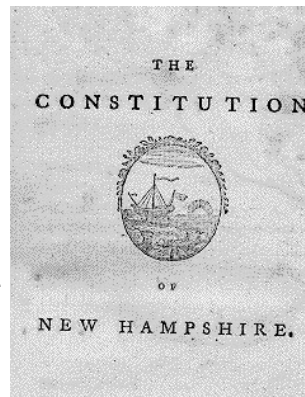

We believe a woman's perspective and voice are critical in Second Amendment advocacy.

The Second Amendment to the US Constitution and Article 2a of the NH constitution acknowledge and guarantee our natural right of self defense.

However, there are NH and national organizations that use the victimization of women to push their gun control efforts.

As women, we must make it clear that these groups do not represent us. In the political dialog, we cannot talk about defending women without mentioning how to empower women to protect themselves.

Few, if any, 2A advocacy organizations speak from this perspective.
